**COUNCIL/COMMITTEE PARTICIPATION FORM**

Active participation by SRNT members is critical to the success of the Society. Each year the SRNT Board asks its members to volunteer and assist in planning and administering the Society's programs and activities.

The SRNT governing structure consists of four permanent councils. Councils are comprised of individual committees, which may be added, deleted or restructured at the recommendation of the Council Chair or Board. In addition there are three special standing committees that are separate from the Council structure.

Participating in council or committee activities provides you with the opportunity to test and expand your leadership skills, increase your professional contacts, and advance the mission of SRNT. Please indicate below which activities interest you.
